

Venues and opportunities to perform in the city of Salzburg

Schloss Hellbrunn Palace and Park

Built at the southern end of the city, the palace and gardens are a masterwork of the mannerist architecture typical of the early 17th century set among the magnificent park, ponds and the famous trick fountains!

Concert venue near the 'Gartenlaube' pavilion as seen in the film 'The Sound of Music'.

For reservations – please contact the palace administrators in Hellbrunn, 5020 Salzburg,

Musical ensembles and marching bands at public venues

In principle, most concerts can be permitted if Tourismus Salzburg GmbH is convinced of the size and suitability of your ensemble and the concert programme.

Performances by musical and marching bands in public places and around the old part of the city must be registered with the municipal administrators at the department for traffic and road use.
